PIANO NAZIONALE DI RIPRESA E RESILIENZA - MISSIONE 4 COMPONENTE 2 INVESTIMENTO 3.1 FONDO PER LA REALIZZAZIONE DI UN SISTEMA INTEGRATO DI INFRASTRUTTURE DI RICERCA E INNOVAZIONE AVVISO N. 3264 DEL 28 DICEMBRE 2021 - PROGETTO IR0000032 "ITINERIS - Italian Integrated Environmental Research Infrastructures System" - CUP B53C22002150006

**NOTICE CALL N. 400.25 ISAC PNRR  
National Research Council – Institute of Atmospheric and Climate Sciences based in Lecce**

We inform that it has been published on the institutional website of the National Research Council (CNR): <https://www.urp.cnr.it/documenti/tempo-determinato> and in the CNR online selection system: <https://selezionionline.cnr.it> the following call:

Selection based on qualifications and interview pursuant to art. 8 of the "Regulations concerning the hiring of staff with fixed-term employment contracts", for the recruitment, pursuant to art. 141 of the CCNL of the "Education and Research" Sector 2019-2021, signed on 18 January 2024, of a staff unit with the professional profile of Level III Researcher, at the Institute of Atmospheric and Climate Sciences - Lecce division for the activities of the PNRR project "ITINERIS - Italian Integrated Environmental Research Infrastructures System" (CUP B53C22002150006).

To be admitted to the selection, the following requirements are required:

- a) master's degree (Laurea Magistrale) in: Physics (LM-17), Environmental Sciences (LM-75), Chemistry (LM-54), Industrial Chemistry (LM-71), Chemistry and Pharmaceutical Technologies (LM-13), Biotechnologies, Medical Biotechnologies (LM-09), Biological Sciences (LM-06), Environmental and Land Engineering (LM-35), Chemical Engineering (LM-22), Mechanical Engineering (LM-33), Materials Engineering (LM-53) or Degrees recognized, pursuant to current legislation, equivalent to the aforementioned degree classes. For degrees obtained abroad, recognition of the qualification is required. The candidate who is not yet in possession of the recognition provision must declare that he/she has submitted this request in accordance with current legislation within the deadline of the announcement, reporting the transmission details in the curriculum vitae. In this case the candidate will be admitted to the selection with reservations, it should be understood that this measure must be presented before signing the employment contract;
- b) at least three years of experience in the analysis of air quality and/or composition of the atmosphere and/or characterization of natural and anthropogenic sources of air pollutants, or possession of the title of Research Doctor or PhD relevant to the required experience;
- c) knowledge of the English language.

Applications for participation must be completed and submitted exclusively via the internet using the IT portal of the National Research Council at the address: <https://selezionionline.cnr.it>. The deadline for submitting the application is 20 days starting from the day following the publication of the notice of the call on the InPA Recruitment Portal. An application received by 6.00 pm on the last available day is considered to have been submitted within the deadline. The date of submission of the application for participation in the procedure is certified by the IT system which, upon expiry of the deadline for submission, will no longer allow access to the procedure.

All additional information related to the ongoing selection is contained in the call.

Director of the Institute of Atmospheric Sciences and Climate  
of the National Research Council  
Dr. Maria Cristina Facchini
