

Dr. D'Agostino Roberta

**National Research Council (CNR),
Institute of Atmospheric Sciences and Climate (ISAC), Italy**
roberta.dagostino@cnr.it

Research Interests

Large-scale atmospheric dynamics and variability from interannual to longer timescales, with an emphasis on tropical atmospheric circulation in paleoclimate simulations and future scenarios. Monsoon dynamics. Atmospheric hydrological cycle. Paleoclimate simulations and sensitivity experiments. ENSO variability. Climate of the Euro-Mediterranean region.

Academic

RESEARCH SCIENTIST, ITALIAN NATIONAL RESEARCH COUNCIL (CNR-ISAC) – 11/2022 – present

JUNIOR ASSISTANT PROFESSOR (Non-tenured, RTD-A), UNIVERSITY OF TRENTO, ITALY - 05/2022 - 11/2022

POST-DOC, MAX PLANCK INSTITUTE FOR METEOROLOGY, HAMBURG, GERMANY – 11/2016 – 04/2022

- 1) CliCCS - Cluster of Excellence, Hamburg. African and Indian monsoon margins** under the supervision of Prof. Dr. Martin Claussen, Martin Claussen's Group, Land in the Earth System Department.
- 2) PAIaeo-Constraints on Monsoon Evolution and Dynamics project** under the supervision of Dr. Johann Jungclaus, Jochem Marotzke's Group, Ocean in the Earth System Department.

RESEARCH FELLOW, ETH ZÜRICH, SWITZERLAND – 04/2016 – 08/2016 under the supervision of Prof. Dr. Tapio Schneider.

PH. D STUDENT, UNIVERSITY OF SALENTO, LECCE, ITALY – 2013/2016 Climate Dynamics. Thesis: Response of the Hadley Circulation to climate change. Supervisor Prof. Piero Lionello.

B.SC and M.SC, PARTHENOEPU UNIVERSITY, NAPLES, ITALY – 2009/2012 Science and Technologies of the Navigation (Climatology) - summa cum laude. Thesis: Relationship between Sahel Rainfall and Mediterranean Summer Climate. Supervisors: Prof. Giannetta Fusco and Prof. Giorgio Budillon.

Visiting

MAX PLANK INSTITUE FOR METEOROLOGY, HAMBURG, DE 09/2023 – CNR Short Term Mobility grant. Collaborator: Claudia Timmreck

ACADEMIC GUEST, UNIVERSITY OF SALENTO, LECCE, IT – 2017, 2018, 2019, 2020 Climate Dynamics. Collaborator Piero Lionello.

ACADEMIC GUEST, UNIVERSITY OF READING, READING, UK – 05/2019 Climate Dynamics. Collaborators David Ferreira, Sandy P. Harrison.

GUEST SCIENTIST, BUREAU OF METEOROLOGY, MELBOURNE, Australia – 10/2018 Climate Dynamics. Collaborators Dr. Hanh Nguyen and Dr. Aurel Moise.

AFFILIATED SCIENTIST AT EURO-MEDITERRANEAN CENTER ON CLIMATE CHANGE – 2014 – 2017. CSP – Climate Simulation and Prediction Division led by Dr. Silvio Gualdi.

ACADEMIC GUEST, CALIFORNIA INSTITUTE OF TECHNOLOGY, PASADENA, US – 12/2016 Climate Dynamics. Supervisor Prof. Dr. Tapio Schneider.

ACADEMIC GUEST, ETH ZÜRICH, SWITZERLAND – 2015/2016 Climate Dynamics. Supervisor Prof. Dr. Tapio Schneider.

Teaching/Work Experience

TEACHING, AT UNIVERISTY OF SALENTO, ITALY (60 hours/y) – **Environmental Geology and Climate Change**
TEACHING, AT UNIVERISTY OF TRENTO, ITALY (30 hours/y) – 2022/2023 – **Introduction to Climate Change**
TEACHING, AT UNIVERISTY OF VENICE CA' FOSCARI, ITALY (30 hours) – 04/2022 – **Climate modelling and monitoring**
SEMINAR CYCLE AT UNIVERISTY OF SALENTO (10 hours), ITALY – 02/2022 - **Climate dynamics and modelling**
TEACHING, DE MARCO-VALZANI HIGH SCHOOL, BRINDISI, ITALY – 2015-2016 – **Maths and Physics.**
TEACHING, CRISTOFORO COLOMBO HIGH SCHOOL, T. DEL GRECO, ITALY – 2012-2013 – **Maritime Science.**
ONLINE SURVEYOR, RESEARCH VESSELS (Italian National Council of Research) – 2006/11, 2007/07, 2010/11, 2011/05. **Geophysical data acquisition.** *Multibeam, chirp, sparker.*

Fellowships & Awards

Outstanding Editor Award issued by European Geoscience Union (EGU) for Earth System Dynamics editorial services.
Early Career Scientist Award issued by MedCLIVAR network (26 September 2024).
Short Term Mobility grant issued by National Research Council of Italy ~ 3000 € for 21 days visiting period abroad.
Seals of Excellence for Marie Skłodowska-Curie actions, call H2020-MSCA-IF-2020 of 9 September 2020 for the project proposal “**Disentangling Internal Variability and Forced Response in MONSOON dynamics: implications for decadal predictions**” by Roberta D’Agostino and Fondazione Centro Euro-Mediterraneo sui Cambiamenti Climatici. This is a certificate delivered by the European Commission, as the institution managing Horizon 2020, the EU Framework Programme for Research and Innovation 2014-2020, for high-quality project proposal in a highly competitive evaluation process.
Best Presentation Award, International Conference on Meteorology and Climate Science (2020), Dhaka, Bangladesh: The energy budget of the tropical band in future climate by David Ferreira and Roberta D’Agostino.
Early Career Scientist Best Poster Award, SPARC General Assembly, Kyoto (1 - 5 October 2018): Moisture budget decomposition and mechanisms behind monsoon response in the mid-Holocene and future climate scenario by Roberta D’Agostino et al.
Awarded by Green Cross Italy, Naples (2018). *Women in Science: Award for academic career and scientific activity.*
PAGES Open Science Meeting financial support, Spain (May 2017).
Fellowship in Climate Dynamics, 2016/03 – 2016/08. *Hadley Circulation strength in paleoclimate experiments (PMIP3) and coupled models (CMIP5) from LGM to RCPs*, under the supervision of Prof. Tapio Schneider, ETH Zürich.

Additional training

Artificial Intelligence (AI) for Earth Monitoring by EUMETSAT: 6-week online course. 12/2021

WCRP Grand Challenge on Clouds, Circulation and Climate Sensitivity: 2nd meeting on Monsoons and Tropical Rain Belt, International Center for Theoretical Physics, ICTP, Trieste, Italy. Talk: Monsoon behaviours in past and future climates: a comparative study from mid-Holocene and RCP8.5 simulations 2018

ICTP Summer School on Theory, Mechanisms and Hierarchical Modelling of Climate Dynamics: *Multiple Equilibria in the Climate System*. International Center for Theoretical Physics, ICTP, Trieste, Italy. 2018

ICTP Targeted Training Activity (TTA): *Monsoons in a Changing Climate*, International Center for Theoretical Physics, ICTP, Trieste, Italy. Poster: Monsoons in a changing climate: a palaeoclimate perspective. 2017

Scientific Writing Class, Max Planck Institute for Meteorology led by Jochem Marotzke and Dallas Murphy. 2017

Earth System Modelling School (EaSyMS), Max Planck Institute for Meteorology, Hamburg. 2017.

Adaptation policies and practices in the Mediterranean Basin (MetAdapt), Venice, Italy. Talk: Differences in the Mean Meridional Circulation between warmest and coldest years of the 20th – 21st Century and its relationship with precipitation distribution. 2014

Climate Change Impacts and Policy in the Mediterranean Basin, Venice, Italy. Talk: Teleconnection between Sahel Rainfall and Mediterranean Summer Climate. 2013

Miscellanea

Member of Fresh-Eye on CMIP Documentation subgroup (Models and Experiments), 2023 - present.

Policy Officer at European Geoscience Union division of Climate: Past, Present and Future, 2023 – present.

Member of EU COST Action FutureMED network 2023 – present.

Italian national qualification for Full Professor in 04/A4 Geophysics (2025 – 2036) and for Associate Professor in 02/C1 Atmospheric Physics (2023 – 2034).

Expert Reviewer for IPCC - AR6, Chapters 7, 8, 10, 2019 – 2020.

Editor for Earth System Dynamics, (EGU journal) and Frontiers in Climate, 2023 - present.

Reviewer for Science Advance, Nature Communications, Nature Climate Change, Nature Geoscience, Nature Partners Journal - Climate and Atmospheric Science, Geophysical Research Letters, Journal of Climate, Climate Dynamics, Journal of Geophysical Research, Climate of the Past, Earth System Dynamics, Nonlinear processes in Geophysics, Geoscientific Model Development and others.

Scientific committee for Themes conference, Venice, Italy, 2019, 2022.

Convener at European Geoscience Union General Assembly 2019 - 2025 at Global Monsoon session.

Convener at European Geoscience Union General Assembly 2021 - 2023 at Energy and Moisture exchanges (Climate Dynamics) session.

Convener at American Geoscience Union Fall Meeting 2022 at Monsoons in a Warmer Climate (Atmospheric Dynamics) session.

Erasmus tutor of Giuseppe La Monica, Master Student at University of Bologna Alma Mater, Italy.

Post-doc representative for Max Planck Institute for Meteorology, 2018 - 2021.

Co-Supervisor of Koushikh Karnunakar, Master Student at University of Hamburg, Germany and Ascanio Luigi Scambiasi, PhD Student at University of Salento Italy.

Organiser of multiple webinars for PaCMEDY project.

Excellent knowledge of MATLAB, Fortran90, NCAR Command Language, CDO, Python, NetCDF and GRIB datasets, UNIX and Windows, Latex and Office, Adobe Illustrator and Prezi.

According to Italian Law on Privacy D.Lgs. 196/2003.
