 <http://www.isac.cnr.it/en/users/mario-marcello-miglietta>

ORCID ID <http://orcid.org/0000-0003-2898-1595>

Date of birth 28 September 1970 | Nationality Italian

Current Position Research Director at CNR-ISAC

## RESEARCH INTERESTS

## Summary

My research activity is focused on severe weather events, mainly analyzed through numerical simulations that consider the influence of climate change on their occurrence and severity.

I have published 111 scientific articles in journals listed in Web-of-Science on different topics of meteorology and climatology, mainly orographic precipitation, tropical-like cyclones in the Mediterranean (Medicanes), supercells and tornadoes.

I got the Italian Habilitation as Full Professor in "Astronomy, Astrophysics, Earth and planetary physics" and in "Geophysics".

I am currently co-chair of the orographic convection WG in the international TEAMx programme (<http://www.teamx-programme.org>), and the leader of the initiative on the definition of "Medicanes" in the COST Action 19109 - MedCyclones (<https://www.cost.eu/actions/CA19109/>).

## Bibliometric Indicators

SCOPUS: h-index 31, citations 2356, documents 112  
Google Scholar: h-index 36, citations 3159, i10-index 77  
Web-of-Science: h-index 29, citations 2195, documents 111

## WORK EXPERIENCE

From 01/10/2019 to today

**CNR Research Director**

**CNR Researcher**

**CNR Techologist**

Currently at: National Research Council of Italy - Institute of Atmospheric Sciences and Climate (CNR-ISAC), Padua, Italy (from 10/2010 to 10/2012 at CNR-ISE, Verbania Pallanza)

06/2022 to today

**Adjoint Professor**

College of Agriculture and Natural Resources

University of Tehran (Iran)

Academic year 2018, 2020, 2021

**Adjoint Professor**

University of Salento, Lecce, Italy

Professor in the 2<sup>nd</sup> level Master in Physical Meteorology and Oceanography:

Courses of Synoptic and Mesoscale meteorology (4 CFU), Dynamic Meteorology (4 CFU)

11/2014-11/2016

**Visiting Scientist**

Joint Research Center, Institute for Energy and Transport, Renewable Energy Unit, Ispra, Italy

Assessment of the complementarity of wind and photovoltaic energy over Europe

04/2011-12/2011

**Consultant**

Joint Research Center, Institute for Environmental Sustainability, Air Quality Unit, Ispra, Italy

WRF model validation over Europe

15/11/2005-20/12/2005

**Visiting Scientist**

Universidad Luterana do Brasil, Porto Alegre, Brasil

WRF model operational implementation

03/2003-12/2018

(18 visits for a total of 23 months)

**Visiting Scientist**

NCAR, Boulder, Colorado

Collaboration with Richard Rotunno in several projects

01/03/2004-30/06/2004

**Post-doc researcher**

Atmosphere and Ocean Research Institute, University of Tokyo, Japan

WRF model implementation for the simulation of orographic rainbands

12/1997-06/1998

12/1998-08/1999

**External collaborator**

FISBAT-CNR, Bologna, Italy

- Numerical simulations of moist flows over orographic obstacles

- Evaluation of error growth and predictability of precipitation in numerical models

01/2001-12/2001

**Officer in the Italian Air Force Weather Service**

National Center for Aeronautic Meteorology and Climatology, Aeroporto "Mario De Bernardi",

Pratica di Mare, Rome, Italy

Aviation weather forecast; Validation of the High-Resolution Model (HRM) over Italy

01/1994-01/2001

**Officer in the Italian Air Force Weather Service**

61° Stormo, Galatina Airport, Lecce, Italy

Airdrome weather nowcasts and forecasts

**EDUCATION AND TRAINING**

---

01/11/1996-10/12/1999

**PhD in Physics**

University of Lecce, Italy

Thesis: Numerical simulation of moist flows over orography with meteorological limited area models

04/01/1994-10/04/1994

**Specialization Course in Meteorology and Atmospheric Physics**

Italian Air Force Training Center, Pratica di Mare, Italy

Training for weather forecaster (equivalent to Weather Meteorological Organization level II)

11/1988-30/07/1993

**Master degree in Physics**

University of Lecce, Italy

Complementary courses of Theoretical Physics; Thesis: Application of quantum groups to physics;

Grade: 110/110 with laude

09/1983-07/1988

**Scientific High School**

Liceo Scientifico C. De Giorgi, Lecce, Italy

High School; Final grade: 60/60

**PERSONAL SKILLS**

---

Mother tongue(s)

Italian

## INSTITUTIONAL & OTHER RESPONSIBILITIES

May 2009-January 2016 & September 2019-present	Member of the Managing Committee of the Institute
2011-present	National representative in the steering committee of the International Conference on Alpine Meteorology (ICAM)
April 2019-present	Coordinator of the CNR-ISAC macro-area "Observations and Models for Meteorology and Climate"
January 2023-present	Responsible of CNR-ISAC, Padua unit
01/01/2019-present	National Representative in the International Association of Meteorology and Atmospheric Science (IAMAS) Member of the Italian Commission for the participation of the CNR in the International Union of Geodesy (IUGG)
11/12/2018-31/12/2022	Security referent and coordinator – CNR-ISAC, Padua Unit

## NATIONAL AND INTERNATIONAL GRANTS & AGREEMENTS (as principal investigator/ WP leader)

01/01/2004-31/12/2006	Responsible for the activities of dynamic meteorology for ISAC-CNR in the project "RISK AWARE", European program INTERREG IIIB - area CADSES, coordinator of activity 1.07 "Selection of meteorological models and methodologies for different scenarios"; total project funding: 2,8 M€ (co-funding: 1,4 M€); funding for ISAC-CNR unit: 198 k€;
28/5/2004-22/1/2008	Responsible of Task 3 (meteorological modeling and data assimilation) in the MIUR Project n. 245 "Development of an Integrated system using Numerical models, Instrumentation and Advanced Technologies for the Study and Forecast of the Transport and Diffusion of pollutants in the atmosphere", funded by the Italian Ministry of Education, University and Research (MIUR), decree of the General Director n. 1406, 28/5/2004; funding for the whole project: 375 k€; funding for Task 3: 31 k€; P.I. of the project "Forecast of meteorological fields in the Otranto Strait" within the Executive Program of implementation of the cooperation program in science and technology between the Government of the Italian Republic and the Government of the Republic of Albania (duration: 24 months); funds: 2 scientific visits;
2005-2006	P.I. for ISAC-CNR of the Project "RISKMED", INTERREG III B ARCHIMED region; total funds: 993 k€; funding for ISAC-CNR: 300 k€; member of the Scientific Committee of the project;
01/06/2006-30/11/2008	P.I. for CNR-ISAC of the Project "CLIMESCO" funded by the Italian Integrated Special Fund for Research as part of the Strategic Program "Sustainable development and climate change" and of the Project Objective "Simulations, diagnosis and predictions of climate change" (lead agency: CRA - Agronomic Research Institute); total funding: 2,3 M€, funding for ISAC-CNR: 239 k€; Head of research line 2 – Climate Change;
20/10/2006-31/12/2010	P.I. in the research contract n. 1400005194 "Implementing a multi-model system for forecasting meteorological fields - in particular wind on a wind farm site" funded by ENEL SpA, funding: 30 k€;
09/2007-01/2008	Scientific Leader of WP4 " Limited Area Meteorological Modeling" in the Strategic Project PS080 "Advanced nowcasting using grid and gis tools" as part of the scientific research program of Apulia region; total funding: 990 k€, funding for WP4: 155 k€; member of the Scientific and Technical Committee and of the Committee for the training of young researchers;
4/4/2008-11/10/2010	Responsible for the Italian activities in the project HyMeX-COOP, ENVI-Med 2012, as part of the activities of Mistral's metaprogram funded by the Ministry of Foreign and European Affairs of the French government; total funding of the project: 20k€; funds for ISAC-CNR: 2 scientific visits;
2013-2014	P.I. of the Italy-Japan bilateral cooperation project (CNR-JSPS) "Comparison of tornadic supercells and their environmental conditions in Japan and Italy"; total funding for ISAC-CNR: 16 k€;
1/6/2016-31/12/2017	P.I. for ISAC-CNR of the CEASELESS project, Horizon 2020, Call H2020-EO-2016, EO-3-2016 Topic: Evolution of Copernicus services, Type of action: Research and Innovation action; total funding for the project: 1,99 M€; funding for ISAC-CNR: 65 k€;
01/11/2016-31/10/2019	P.I. of the Agreement between ARPA-Puglia and ISAC-CNR for cooperation concerning weather activities;
22/07/2013-21/07/2015	P.I. of the Agreement between ARPA Friuli Venezia Giulia and ISAC-CNR for cooperation concerning weather activities;
26/01/2016-25/01/2021	P.I. of the Agreement with TerrSafeiLab Enterprise (Higher Education and Applied Research in Territory Safety Innovation Lab) for cooperation concerning weather activities in the field of nowcasting;
13/06/2016-12/06/2019	P.I. of the Operating Agreement for Teaching and Research Activities between ISAC-CNR and Università del Salento;
25/01/2017-06/08/2018 & 29/09/2021-28/09/2024	
17/10/2019-13/03/2020	

25/01/2021-24/01/2023

P.I. for the Italian part of the research project entitled "High-resolution numerical simulations of tornadoes for using artificial intelligence", funded by Meteorological Research Institute (MRI), Japan Meteorological Agency for developing a "Detection method of tornado-spawning mesocyclones using a machine learning technique", Public/Private R&D Investment Strategic Expansion PrograM (PRISM) sponsored by Cabinet Office of Japan; funding: 7.4 k€;

P.I. for the Technical-scientific Collaboration Agreement with the Tide Forecast and Early Warning Center (CPSM) – Civil Protection - Municipality of Venice for the implementation of an experimental data assimilation system for the analysis and weather forecasting for time horizons up to 6-12 hours:

MODULE 1: period of activity: 10/01/2021-09/01/2022, funding: 35 k€.

MODULE 2: period of activity: 10/01/2022-09/02/2023, funding: 35 k€.

MODULE 3: period of activity: 27/10/2022-26/10/2023, funding: 35 k€.

## TEACHING ACTIVITY

- 28-31 May 2001 Lessons during the training course in Environmental Meteorology, at IIA-CNR, Montelibretti (Roma), topic: "3D diagnostic and prognostic meteorological models" (2 hours)
- 2005,2006,2008 Lessons in courses at University of Salento (2005, 2006, 2008) (10,10, 16 hours)
- 2006 & 2014 Teacher in training courses for the personnel of ARPA Puglia (12 and 94 hours)
- 2007 Lessons in courses at University of Ferrara (2007) (10 hours)
- 25-09-2013/12-06-2014 Responsible and organizer of the "personnel training course" for ARPA-Puglia (120 hours)
- 2014 Teacher in a training course for the personnel of OSMER Friuli Venezia Giulia (1.5 hours)
- 2014-2015 Teacher in a training course for the personnel of Centro Funzionale Protezione Civile Valle d'Aosta (35 hours)
- 2015 Teacher in a training course for the personnel of Centro Funzionale Protezione Civile Friuli Venezia Giulia (16 hours)
- 2015-2019 & 2021 Lecturer in the training schools CVC "Convective and Volcanic Clouds detection, monitoring and modeling" (topics: Orographic convection and Medicanes), Castiglione del Lago, Italy, 2015, Tarquinia, Italy, 2016 and 2017, Nicolosi, Italy, 2018, 2019, 2022 (the last three as keynote lecturer), online, 2021; (4, 6, 6, 10, 6, 4, 1.5 hours)
- 2016-2019 Lessons in courses at University of Bologna (2016, 2017, 2018, 2019) (4, 4, 10, 4 hours)
- 2017 Lecturer in the training school "EASI- Exploring Air-Sea interaction via airborne measurements", Shannon (Ireland) (3 hours)
- 2018, 2020, 2021 Adjunct Professor, University of Salento, Lecce (Italy), Professor in Master (2nd level) in Physical Meteorology and Oceanography. Courses:  
- Synoptic and Mesoscale meteorology (32 hours; 4CFU)  
- Dynamic Meteorology (32 hours; 4 CFU)  
- Weather Forecasting (16 hours; 2 CFU – only in 2018)
- 13-16/12/2021 Lecturer in a training course for forecasters of ARPA Liguria on "Thermodynamics and atmospheric instability", 12 hours in two editions (24 hours in total), Meteo-Hydrological Center, ARPAL, Genoa
- 2022 Lecturer in the 8<sup>th</sup> CNR-ISAC summer school; lessons on "Extratropical cyclones and Medicanes" (3 hours); June 20-24, 2022, Castro Marina (Lecce), Italy; <http://ss2022.le.isac.cnr.it>
- 2022 - Lecturer in the 1<sup>st</sup> MedCyclones WORKSHOP and TRAINING SCHOOL; lesson on "Medicanes" (1 hour), June 27 – July 2, 2022, Athens, Greece
- 2002-present - Supervisor of 7 intern, 2 batchelor, 16 master, 7 PhD students. Supervisor of 5 research fellows, 2 researchers (temporary position); host of 11 foreign researchers (from Spain, Japan, Austria, USA) in scientific visits

## ORGANIZATION

- 2005-present Member of the scientific/organizing committee in 9 summer schools organized/co-organized by ISAC-CNR, Castro Marina, Italy
- 2007-present Convenor of sessions at the European Meteorological Society (EMS) annual meeting
- 29/5-2/6/2018 Member of the scientific/organizing committee in the 11<sup>th</sup> HyMeX workshop, Lecce, Italy
- 3/9/2019 Member of the scientific committee of the Richard Rotunno Symposium, Riva del Garda, Trento, Italy
- 27/09/2022 Member of the Organizing Committee of the Forecasters–Researchers Round table on high impact meteorological events, Bologna, Italy
- 18-21/10/2022 Member of the scientific committee of 17<sup>th</sup> Plinius Conference, Frascati, Italy
- 08-12/05/2023 Member of the Scientific Program Committee, 11th European Severe Storms Conference, Bucharest, Romania
- 19-23/06/2023 Member of the Program Committee of ICAM-2023, St. Gallen, Switzerland

## FURTHER INFORMATION

### Awards

- 2014 & 2017: Outstanding contribution in reviewing for Atmospheric Research
- 2017: The paper "Effect of a positive sea surface temperature anomaly on a Mediterranean tornadic supercell" was one of the 100 most read Earth sciences papers in Scientific Reports in 2017
- 2019: Award MeteoClima FVG of the Unione Meteorologica Friuli Venezia Giulia (member of the European Meteorological Society) for the best paper on the meteorology of the region in the period 2015-2019

**Evaluation of research results**

- Reviewer for international journals (36 journals, 146 papers)
- Scientific expert for the Italian Ministry of Education and Research for the evaluation and monitoring activities of the Industrial Research and Experimental Development project AEROMAT (2019-today)
- Member of the Review panel of the Collaborative Research Centre/Transregio 165 "Waves to Weather" of the Deutsche Forschungsgemeinschaft (2019, 2023)
- Member of the review panel for the evaluation of the proposals submitted in response to the call Horizon 2020-MSCA-IF-2019
- Member in 11 evaluation committee board for PhD candidates and 2 evaluation boards for Associate Professor
- Participation in the Evaluation of the Italian Research 2011-2014
- Reviewer of project proposals for: the Czech Science Foundation; the Mardsen Fund Council of the Royal Society of New Zealand; the US National Science Foundation; the United States-Israel Binational Science Foundation, CONICYT-Chile; Italian Ministry of Education and Research (MIUR); Austrian Science Fund (twice); NRD-Hungary; Israeli Ministry of Innovation, Science and Technology; Deutsche Forschungsgemeinschaft
- Editorial activity: Associate Editor for Atmospheric Research; Guest Editor for Advances in Science and Research; Member of the Editorial Board of Advances in Meteorology; Member of the Editorial Board of Bulletin of Atmospheric Science and Technology; Member of the Editorial Board of Atmosphere; Review Editor for Frontiers in Atmospheric Sciences; Guest Editor for a Special Issue of Meteorologische Zeitschrift (over); Member of the Editorial Board of The Scientific World Journal (over); Member of the Editorial Board of Dataset Papers in Geosciences (over);

**Additional activities**

- Advisory board of the Project "Satellite-borne and IN-situ Observations to Predict the Initiation of Convection for ATM (SINOPTICA)", H2020-SESAR-2019-2, 01/06/2020-30/11/2022
- International review team, Royal Meteorological Society's project to establish a learning portal for African Meteorological Societies (AfMS), 01/08/2022 - present
- Consultant in civil and criminal trials for the Court of Justice in Lecce and for ILVA company

---

**PERSONAL SKILLS**

---

**Communication skills**

- Strong-to-very strong communication skills (certified by EU Competency Passport)
- Natural attitude to work as a team member

**Organisational / managerial skills**

- Strong resilience (certified by EU Competency Passport)
- Prioritizing
- Leadership

**Job-related skills**

- Experience in numerical meteorological modelling, in handling large datasets, in operational forecasting
- Experience in project management
