

Join our Meet & Match event to find new business partners and form interesting collaborations!

Enterprise Europe Network organises in collaboration with Mikrocentrum and the Networks AgroFood sector group a free B2B Meet & Match event for companies and knowledge institutes during the Food Technology trade fair and conference from 1-2 December 2021.

Who should attend and why?

We invite SMEs, universities and R&D organisations active in the food tech sector to participate and thus find commercial, technological or research partners from Europe and beyond.

Main Topics:

During Food Technology 2021, food and high-tech come together with the aim of helping the food industry on its way to 2050. During these two days you will discover a wide range of solutions within the following themes: Factory of the future, Sustainable and transparent food chains, Innovations in food, Food safety, Food lab.

Information on and registration for the b2b matchmaking event:
